## **Side Event on mainstreaming the combating of antisemitism within the UN system, 17 November 2020 (75<sup>th</sup> General Assembly) – Pledges of Switzerland**

Switzerland is committed to the fight against racism, racial discrimination, xenophobia and related intolerance, including antisemitism.

As such, Switzerland pledges to:

- Commit to enhance awareness that the achievement of SDG 4 encompasses the imperative need to address all forms of discrimination through education and in education. For this purpose, we support the UNESCO's global programmes on preventing violent extremism through education and for a Global Citizenship Education by sharing guidelines and educational material provided by the organisation.
- Commit to increase efforts, in cooperation with civil society, to implement existing international and regional commitments related to monitoring hate crimes, including motivated by antisemitism, and collecting relevant data.
