PRIME MINISTER

Mr. Ronald S. Lauder,

President of the World Jewish Congress

New York, NY

Budapest, 27th January 2021

Dear Mr. President,

On the occasion of the International Holocaust Remembrance Day, please accept my highest appreciation for the work that you carry out to preserve the memory of the victims and against the resurgence of anti-Semitism.

My wife and I recall from time to time your great speech delivered at last year's commemoration at the Auschwitz-Birkenau death camp.

As you are a leader with Hungarian roots, I would like to assure you that Hungary has learned the appropriate lessons from the dark chapter of Hungarian history that took the lives of many of our Jewish compatriots and deprived survivors of their loved ones. My government continues to stand on the ground of zero tolerance for anti-Semitism and offers you and your organisation cooperation in the spirit of our common values.

I wish you much strength and good health in your work for the Jewish community of the world.

With my head bowed before the victims

yours sincerely,

MAGYARORSZÁG * MINISZTERELNÖKE *

ORBÁN Viktor
