## Jewish Youth Assembly 2024 Resolution **ENSURING A VIBRANT JEWISH FUTURE**

Global Jewish youth, convening at the first-ever in-person Jewish Youth Assembly, stand at a pivotal juncture in history. In the aftermath of the brutal October 7<sup>th</sup> attack by Hamas, the darkest day for the Jewish people since the Holocaust, we are united in addressing the critical challenges and seizing the opportunities that are essential in shaping the future of Jewish life across the globe.

Our unified voice, encompassing over 60 participants from 40 countries, represents the strength and resilience of our community as we introduce the 2024 JYA Resolution: “*Ensuring A Vibrant Jewish Future*”. This resolution embodies our commitment to confront and overcome the pressing issues facing the Jewish community through the establishment of five dedicated pillars. We pledge to:

### **Tackle New Forms of Antisemitism:**

- *Recognizing that antisemitism, the world's oldest hatred, is ever-evolving and manifests in new, insidious ways,*
- *Expressing concern over the changing manifestation of antisemitism, notably its increased violence since October 7<sup>th</sup>, 2023,*
- *Acknowledging that anti-Zionism has emerged as the prevailing form of antisemitism,*
- *Noting the persistence of conspiracy theories about Jewish power and influence, alongside enduring age-old prejudices,*
- *Condemning the rise of extremism at large, on both sides of the political spectrum as they converge in their antisemitic narratives,*
- *Recalling the dangerous and continuous presence of Neo-Nazi movements and entities,*
- *Recognizing specific actions such as accusations of dual loyalty, collective responsibility against the Jewish community, and the dehumanization of Jews, as egregious forms of antisemitism,*
- *Observing the increase in violent antisemitism in communities previously unaccustomed to such hostility, starting with the Hamas terrorist attacks on October 7th, and the subsequent global spread of hatred,*

- 1. Encourages Jewish communities worldwide to continue promoting Holocaust education, as well as emphasizing the richness of Jewish culture and life, including the implementation of peer-to-peer learning initiatives involving experts to enrich the educational experience,*
- 2. Calls upon international Jewish organizations to advocate for the strict enforcement of social media rules and regulations and the development of refined fact-checking processes to combat misinformation about Jewish communities,*
- 3. Strongly recommends the creation of an international Task Force on Antisemitism and Islamophobia to address and counteract the rise of hate speech,*
- 4. Urges all social media platforms, particularly those that have not yet done so, to incorporate educational resources created by the World Jewish Congress (WJC) and UNESCO, such as the [aboutholocaust.org](http://aboutholocaust.org) website which hosts accessible information about the Holocaust,*
- 5. Encourages Jewish communities and organizations to extend their presence beyond traditional Jewish settings and to actively display the diversity and vibrancy of Jewish life as a way to counter stereotypes and generalizations;*

### **Oppose Denial and Distortion of Jewish Trauma:**

- Recognizing that history is our collective memory, and preserving its accuracy is essential, especially in light of such historical traumas as the Holocaust and the October 7 Massacre,*
- Noting that denialist information, produced not only by unverified sources but also by ill-willed actors, is being spread among youth who will soon be shaping the future of our societies,*
- Condemning the conscious ignorance fueled by a lack of education and the polarizing content in media, rooted in antisemitic prejudice and conspiracy theories,*
- Recognizing that oversimplifying narratives and dismissing Jewish trauma leads to the marginalization and exclusion of Jewish youth in educational and social spheres,*

*1. Calls upon governments to implement comprehensive educational programs that not only cover history but also celebrate the diversity and vibrancy of Jewish culture today,*

2. *Urges Jewish communities to call on their respective states to develop and implement media literacy initiatives, equipping individuals with the critical skills needed to discern and evaluate information accurately,*
3. *Calls for the establishment of mechanisms to combat bias within news outlets, ensuring the fair and accurate representation of facts, whose distortion can adversely affect minority communities,*
