**Hamas Refuses to Allow Flotilla Aid into Gaza Strip**  
(Communicated by the IDF Spokesperson and CoGAT)

As of right now (2 June, 18:30), the State of Israel has loaded 20 trucks with various types of aid found onboard the flotilla. Expired medication, clothing, blankets, some medical equipment and toys were among the aid found on the ships.

Unfortunately, the Hamas terror organization is unwilling to accept the cargo and the trucks filled with humanitarian aid have not been allowed to enter the Gaza Strip. It appears that Hamas is in fact stopping the transfer of the humanitarian aid.
